ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

11th EDITION GUIDE BOOK USED IN CATALOGING THIS SALE

Proof coins, branch mints 1892-1940 unc., and currency seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went a bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over two hundred successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6¢ airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your **bid sheet**.

TYPE SET DIMES, ETC.

- 1—1796 Flowing Hair, Small Eagle, 15 STARS (for states) 5 berries, very nearly uncirculated. RARE AND IN STRONG DEMAND. We recently saw a specimen in about similar condition priced at.....\$ 300.00
 - 2—1797 13 Stars (for states) very fine. RARE. Undervalued in keeping with its true rarity as a date and a type. **THIS IS THE ONLY YEAR WITH 13 STARS AND SMALL EAGLE.**..... 225.00
 - 3—1798 OVER 97, Large Eagle with 16 STARS REVERSE (evidently the reverse die was made the early part of 1797 when Tennessee (16th state) was admitted to the Union) very good and sharp. ONLY STRUCK A FEW MONTHS..... 50.00
- 4—1798 SMALL 8 (same size as above—not to be confused with common medium size 8—see Standard Catalog) very fine. **THE STANDARD CATALOG SAYS "ONLY 4 OR 5 ARE KNOWN" AND DOES NOT PRICE IT (DUE TO ITS RARITY).** This has the large eagle reverse with 13 stars as used thru 1807. The last record we find was a specimen in about similar condition which two years ago brought \$475; this outstanding rarity should now be worth about 750.00
- 5—1803 Only partly legible date fine and bold. Cat. good..... 30.00
 - 6—1811 OVER 9, Head Left In Cap, very fine and sharp. SCARCE..... 50.00
- 7—1820 Large Date, Large 10C., **BLUNDERED LEGEND WITH SEVERAL LETTERS RECUT OVER OTHERS**, sharply struck gem with blue patina. **ONLY ONE OTHER SPECIMEN REPORTED (THE DISCOVERY SPECIMEN).** It is hard to place a value on a rarity of this nature but judging from the remarkable condition of this coin, we feel it should easily be worth \$250. You decide its actual value by your bid.
- 8—1837 Bust type (last year) the owner has it marked "proof" and while this gem has a broad border and a beautiful prooflike surface, we hesitate to call it a full proof. Regardless whether it was struck as a proof or not, it is an exceptional specimen. If it were a full proof, we would value it at \$125; you decide what it is worth to you by your bid.
 - 9—1837 Liberty Seated, No Stars, small date, very nearly uncirculated. **IN GREAT DEMAND.** Unc. worth..... 75.00

---	--------

170—\$50 St. Louis F831 T-B, Atteberry-Wells, very fine. **VERY RARE.** The only issue of \$50 notes of the entire series making it very rare as a "type note"). The catalog states "only 70 pieces are reported outstanding on U. S. Treasury books." Of course many of these "outstanding notes" have been destroyed—possibly half. Of the remaining few, some are considerably worn. In fact, this note is somewhat superior to that pictured in the catalog. Of the very few notes to come upon the market, we recently saw one not too much better than this specimen priced at \$1000.00. Of course its actual value must be determined by you, the bidder. Past experience has shown where rarities have brought somewhat more or less.

1914 FEDERAL RESERVE NOTES

The most neglected (until recently) of all the series; yet we do not know of a single complete series in existence. Undoubtedly, a number of major and minor sub-varieties exist in this interesting series and will come to light with further study and research. One of the most undervalued, if not the most undervalued of all the series. Truly an increasingly seldom offered opportunity to "get in on the ground floor" of a series before it goes pricewise the way of the other series (we note some currency has advanced several thousand percent in the last five or six years).

CHARTERED CANADA BANK NOTES—LARGE SIZE

Of individual design and great beauty. Many are rare and a number very rare. In fact, we had great difficulty in arriving at valuations and appealed to the consignor for help. He stated that these valuations were arrived at based on what he paid for his notes plus auction records plus rarity (on those which due to rarity had no records). Judging from the popularity of Canada, it appears that regardless of what is paid, the price will appear ridiculously "cheap" in a short period. A dealer told us that in 1953 he sold an uncirculated 1921 Canada 50c at between \$300 and \$400; earlier this year a specimen sold at auction at \$2400. This is only one example of the spectacular rise taking place in values. The currency of Canada is only now beginning to be appreciated and we believe spectacular advances will also take place as new collectors enter the field.

ALASKA TRADE TOKENS, ETC.

- 716—(1934) Kenny 201, set 1c-5c-10c-25c-50c, \$1, \$5, \$10 for Matanuska Valley, Alaska, "A.R.R.C." (Alaskan Rural Rehabilitation Corporation) at bottom. Authorized by the gov't. to be made on a hand press. About 250 complete sets were made and nicknamed "Bingle" in honor of Rev. Geo. Bingle who founded the Valley churches and was an aid to the whole colony. Face value \$16.91 and valued by owner at 50.00
- 717—Northwest Trade Token, "E M" (East Main District) (lies to east of James Bay) of Hudson Bay Co., "N (should be M) B" for "made beaver" used as unit of trade in Canada. RARE. 35.00

REGULAR HALF DOLLARS

718—1794 TYPE I, 15 stars, flowing hair, very nearly uncirculated. ONE OF THE CHOICEST SPECIMENS WE HAVE SEEN. For years we have been searching for an uncirculated specimen for one of our clients who has offered us \$1,000.00 for a specimen. While this specimen is not that choice, yet it is indeed rare so choice. Just try and find an equal one.

- 719—1795 Beistle 11-P with CA of AMERICA re-cut uncirculated with beautiful bluish golden patina, only a very slight amount of flattening of the eagle's breast feathers. Beistle says "VERY RARE" variety but in this remarkable state of preservation, we are inclined to say "EXTREMELY RARE". Owner says, "finest I have seen." Should be worth at least 750.00
- 720—1797 TYPE II, 15 stars, hair in knot, smaller reverse eagle with "1/2" below, acquired as "very fine" and it appears to be very nearly so. IN GREAT DEMAND FOR "TYPE." In view of the great demand and small amount issued, we would not be surprised to see it bring \$1000.00 to \$1100.00. In fact, we recently saw a specimen in no better than "fair" condition priced at \$500.00; if that is the "going price" for worn specimens, then this one is worth closer to \$1250.00. As usual, you decide what it is worth to you by your bid.

721—1796 TYPE III, 16 stars, hair in knot, smaller eagle with "1/2" below as above. THE MOST UNDERVALUED COIN AND "TYPE" (IN OUR OPINION BASED ON TWENTY YEARS RECORDS) OF THE ENTIRE HALF DOLLAR SERIES. The 16th star was added for Tennessee admitted to the Union in 1796. Evidently, the 1797 die was started late in 1795 or early 1796 and due to the large supply of 1795 on hand, only the one 1796 die with 15 stars was used early in the year. This unused die (completed except for the date) was "stored" when Tennessee was admitted and the 1796 16 star die was rushed to completion. In 1797, possibly a rush order was received and the unfinished die was completed with the date 1797 and pressed into service. This 1796 16 star specimen was acquired as "fine" and while the obverse is very nearly so, the reverse approaches very fine. In our opinion, this great rarity is worth \$1250.00, but what it will actually bring, you decide by your bid.

- 722—1801 TYPE IV, 13 stars, Large heraldic eagle, acquired as "uncirculated" but we cannot quite agree. The barest friction is evident on the highest points. **VERY RARE SO CHOICE.** We have yet to see a nice uncirculated specimen and believe this one is very close to being as choice as "obtainable." Valued by owner at \$250.00 which might be a bit high for this as yet unappreciated. **rarity.**
- 723—1802 Fine and sharp. **SCARCE.** With a conservative catalog valuation of \$45.00 in fine, we believe this specimen is worth closer to 60.00
- 724—1803 Large 3, Large reverse stars, very fine. **SCARCE.** 50.00
- 725—1803 Large 3, small reverse stars, very nearly uncirculated. **RARE. Catalogs unc.** 85.00
- 726—1803 Small 3, acquired as "uncirculated," however the highest points show some friction. Much more rare than the above variety. If this coin was truly "uncirculated" we would value it at \$150.00, however since we cannot honestly call it strictly so, we believe it is worth closer to 100.00
- 727—1805 OVER 4, very fine. **RARE.** Undervalued in keeping with its true rarity. 50.00
- 728—1805 Perfect date, another acquired as "uncirculated," however there is a trace of friction on highest point of bust. **RARE SO CHOICE.** If this coin were strictly uncirculated, we would value it at \$75, however since it is not quite so, we value it at 50.00
- 729—1806 OVER 5, Large stars, extremely fine. **RARE.** 75.00
- 730—1806 OVER 9, very nearly uncirculated with the obverse being struck (as usual) from a worn and shattered die (which accounts for its rarity, particularly in choice condition). A very choice specimen of this rarity. **GREATLY UNDERVALUED, PARTICULARLY SO CHOICE.** Easily worth 150.00
- 731—1806 Round top 6, small stars, very good and sharp. **RARE.** Greatly undervalued in keeping with its true rarity (many times scarcer than Large stars). 20.00

843—1855-S Very nearly uncirculated with blue patina. VERY RARE SO CHOICE. In fact, one of the choicest specimens we have seen. Nearly two years ago we saw a specimen priced at \$750.00; while this one is not worth that figure it is deserving of a bid in keeping with its true rarity in this choice condition. While this date is occasionally available in fair to fine condition, it is just about prohibitively rare in the top grades of condition. We cannot recall having handled an equal specimen in years.

863 1861 CONFEDERATE STATES OF AMERICA, the Confederate side is brilliant uncirculated, however the other side is rather weak (as usual) caused by the pressure of striking the Confederate die. While the new catalog values this at \$325.00, we have already seen valuations of..... **500.00**

LIBERTY HEAD HALF DOLLARS

We note a marked rise in value in this elusive series, particularly in choice condition. In fact, some have been advanced 50% over the last catalog. This is not surprising to those who have attempted to assemble a choice set. Regardless of catalog valuation, it is nearly impossible to assemble a complete set in uncirculated condition except thru years of effort and willingness to pay the "going price" (as determined by auction records rather than "catalog" which does not mean that the coin can actually be purchased at that price). We believe this series will continue its upward climb in value since the demand keeps increasing and the supply almost non-existent (except when an outstanding collection such as this comes upon the market).

LIBERTY WALKING HALF DOLLARS

Nearly impossible to complete in "gem" condition. The great majority appear to have been struck from worn dies giving the appearance of having been in circulation altho they retain their full original luster. While 99% of the collectors will be content with the usual "uncirculated" specimen, the 1% who desire "the finest" both as to striking and luster should bid on those described as "gem." The catalog states on page 121, "Uncirculated, well-struck specimens worth 25% to 50% above prices listed below." A gem set should prove to be a great source satisfaction as well as a "profitable investment" to those with sufficient preservation to build such an outstanding set.

1007—1936-P-D Brilliant uncirculated gems.	9.50
1008—1936-S Brilliant uncirculated gem. The most undervalued of the "later dates" from 1933-1947. Judging from a careful analysis of the small supply coming on the market during the past years com- pared to the increasing demand, we have come to the inevitable conclusion that this date is almost if not of equal rarity to the 34-S, 35-S. All were issued in "depression years" and all three are of just about equal coinage. Certainly this gem should be worth at least	30.00

1029—1919-S Brilliant uncirculated gem. VERY RARE. We note in 1951 this rarity cataloged \$150 and now is valued at \$485 for usual strikings. This sharply struck gem should certainly be worth somewhat more—possibly the 50% premium the catalog mentions for "well-struck specimens" or close to \$725. However, as usual, you the bidder must determine what this coin is worth to you by your bid.

DOUBLE EAGLES (\$20 GOLD)

We note a sharp increase in interest in gold coins during the past year and note that the new Guidebook reflects this with higher catalog valuations. It appears to us that gold coins, particularly double eagles represent the "most coin for your money." With the actual gold content of a double eagle being about \$35, it certainly appears as ridiculous to expect them to be available much longer at the few dollars premium.

EAGLES (\$10 GOLD)

We note a very substantial rise in demand for this series during the past year. While the new Guidebook does reflect some of this rise in higher prices, we believe it is only a beginning since much of this trend was accelerated since the prices appearing in the book were compiled six months ago.

1596—1795 TYPE I, 10 x 5 STARS SMALL EAGLE, uncirculated with orange tint. IN GREAT DEMAND. While the Guidebook now prices it at \$450.00, we note a marked rise in value since the prices were compiled six months ago. We would not be surprised to see this highly popular "type coin" bring between \$550.00 and _____

600.00

1597—1796 TYPE II, 8 x 8 STARS (TENNESSEE JOINED UNION) PROOFLIKE with yellow tint. VERY RARE IN THIS REMARKABLE CONDITION. As a date, easily twice as rare as the 1795. Why the Guidebook prices it lower than the 1795 we cannot figure out. In this choice condition, easily worth over... _____

600.00

1598—1797 TYPE IV, 10 x 6 STARS LARGE EAGLE, PROOFLIKE with yellow tint. RARE SO CHOICE. First year of Large Eagle and in great demand. In this choice condition, should be worth at least _____

300.00

1599—1798 OVER 97, TYPE VI, 7x6 STARS, BRILLIANT UNCIRCULATED WITH ORANGE TINT, TINY NICK. ONE OF THE RAREST OF THE ENTIRE SERIES. IN FACT, EVEN THO THE CATALOG LISTS THIS AT \$2750.00, WE BELIEVE IT TO BE RARER THAN THE 1858 WHICH IN SIMILAR CONDITION IS CATALOGED AT \$3750.00. In checking auction records we note the following: Mr. Mehl stated in the Dunham sale that that specimen was the first he had handled in 40 years. In the Melish sale of 1956, Mr. Kosoff states that it was more than 25 years before he was able to offer such a coin. The Melish specimen in "about extremely fine condition" brought \$3150.00 in April 1956 when it cataloged (in unc.) at \$850. Now that the catalog is finally beginning to appreciate its rarity (still too low in catalog at \$2750.00) we believe that those who "have put off" getting this outstanding rarity will decide to obtain it while the opportunity is available. WE BELIEVE THAT THIS OUTSTANDING RARITY SHOULD BE CATALOGED MORE THAN THE 1858 WHICH IS LISTED AT \$3750.00; CERTAINLY, IF THE 1858 IS WORTH THAT PRICE, THAN THIS CHOICE SPECIMEN IS WORTH CLOSER TO _____

Consignment F—New York

PROOF SETS 1c THRU \$20 GOLD

This is a continuation of the consignment of proofs, part of which were in our May sale. However, we are including the gold proofs along with the silver and minor. While the gold is not as complete as the balance, we believe this represents an unusual opportunity to acquire some seldom offered material. With new records constantly being set, there does not seem to be any ceiling to where these popular coins will stabilize. Prices of only a very few months ago appear as "bargains" today.

1875 PROOF SET INCLUDING GOLD

Estimates are based on latest auction records and dealers quotations (when available).

1789—1c, Red and brown proof. Scarce.	25.00
1790—3c, Brilliant Proof. SCARCE.	42.50
• 1791—5c, Brilliant Proof. RARE.	85.00
1792—10c, Brilliant Proof. SCARCE.	30.00
1793—20c, Proof, has been cleaned. First year of issue. Cat.	45.00
1794—25c, Brilliant Proof. SCARCE.	30.00
1795—50c, Blue proof, small nick. SCARCE.	50.00
1796—Trade \$1, Proof with bluish patina. RARE. In great demand.	100.00

1797—\$2½ GOLD, MAGNIFICENT BRILLIANT GEM PROOF. OF THE 20 ORIGINALLY ISSUED, CERTAINLY A BETTER SPECIMEN CANNOT EXIST. WITH ONLY A VERY FEW REGULARLY ISSUED, THIS IS INDEED ONE OF THE OUTSTANDING RARITIES OF THE SERIES. 750.00

1798—\$2½ GOLD, appears to have been issued as a proof (traces of proof surface) but now shows slight friction and has been cleaned. RARE. Judging from the very few issued, and the strong demand, we wouldn't be surprised to see this rarity bring between \$250.00 and 300.00

1799—\$5 GOLD, MAGNIFICENT BRILLIANT GEM PROOF but judging from its weight, it is probably copper with gold plating. ONLY 20 GOLD SPECIMENS ISSUED and only 5 copper issued. Only 220 regular strikings issued making this THE RAREST \$5 (IN NUMBER ISSUED) REGULARLY ISSUED. If this were an all-gold specimen in our stock, we certainly would not price it at less than \$1,000.00. However, as a gold-plated copper (actually much rarer than the all-gold ones) you decide what it is worth by your bid.

1876 PROOF SET INCLUDING GOLD

1800—1c, Red and brown proof.	25.00

1802—5c, Brilliant proof. SCARCE.	35.00
1803—10c, Glittering blue proof.	20.00
1804—20c, Proof with golden patina. SCARCE.	65.00

1807—Trade \$1, Glittering golden Proof. SCARCE.	75.00
1808—\$1 GOLD, PROOF with orange tint. ONLY 45 ISSUED. Worth over catalog of	75.00

1876 PROOF SET INCLUDING GOLD (Continued)

1809—\$5 GOLD, Brilliant PROOF, few pinpoint nicks in field. ONLY 45 ISSUED. With a regular issue of only 1477, this then becomes ONE OF THE RAREST OF ALL REGULARLY ISSUED HALF EAGLES. Greatly undervalued in keeping with its true rarity. Should easily be worth..... 250.00

1810—\$10 GOLD, appears to have been struck as a proof but improperly cleaned removing nearly all the proof surface. ONLY 45 PROOFS ISSUED. With a regular issue of only 732, this then becomes ONE OF THE RAREST OF ALL REGULARLY ISSUED EAGLES. Altho the catalog lists this date in proof at \$350.00, if this were choice and in our stock, we would price it at not less than \$600.00. You decide what it is worth to you by your bid.

1877 PROOF SET INCLUDING GOLD

Very popular with new records being set just about every time offered. We note several ads in the past months well over \$1,000.00 for the silver and minor set. In fact, the latest ad we have seen was \$1300.00.

1811—1c, Red and brown PROOF. RARE. In great demand. Setting new records. 225.00

1812—3c, PROOF with blue patina. RARE. Setting new records. Probably realize close to 200.00

1813—5c, PROOF with golden patina. RARE. Setting new records. probably will realize over..... 250.00

1814—10c, PROOF with golden patina. SCARCE. Greatly undervalued... 50.00

1815—20c, PROOF with golden patina. RARE. Probably the rarest of the silver since a great many were melted (due to their unpopularity). In point of rarity, should be worth close to \$300.00, but until it is appreciated for the rarity it is, it will probably bring closer to 250.00

1816—25c, PROOF with blue patina. RARE. Another unappreciated rarity. Should be worth over 60.00

1817—50c, PROOF with blue patina. RARE. Greatly undervalued. 90.00

1818—Trade \$1, Brilliant PROOF with golden tint. A magnificent gem seldom encountered in this large coin. RARE. Greatly undervalued. 125.00

1819—\$1 GOLD, PROOF but has been cleaned. ONLY 20 ISSUED. Cat. 90.00

1820—\$2½ GOLD, PROOF but has been cleaned. ONLY 20 ISSUED. With a total regular issue of only 1652, this becomes ONE OF RAREST DATES OF THE SERIES. While the catalog lists this in proof at \$125.00, our price for a choice specimen (if we had one in stock) would not be less than 250.00

1821—\$5 GOLD, PROOF but fields are somewhat rubbed. ONLY 20 ISSUED. With a total regular issue of only 1152, this becomes ONE OF THE RAREST DATES OF THE SERIES. While the catalog lists this in proof at \$190.00, our price for a choice specimen (if we had one in stock) would not be less than 350.00

1878 PROOF SET INCLUDING GOLD

Very scarce as several were struck only in proof. Rapidly rising now that the rarity of this date is being discovered.

1822—1c, Glittering red and darker red PROOF. SCARCE.	35.00
1823—3c, Brilliant Proof. RARE. Struck only in proof.	60.00
1824—5c, Brilliant Proof. RARE. Struck only in proof.	90.00
1825—10c, Brilliant Proof with golden tint. SCARCE.	25.00
1826—20c, Glittering blue Proof. RARE. Greatly undervalued in keeping with its true rarity. The mint figures do not take into consideration the large number which were melted when the denomination was discontinued.	175.00
1827—25c, Glittering blue Proof. SCARCE.	25.00
1828—50c, Brilliant Proof. RARE. In great demand.	45.00
1829—\$1, 8 Tail feathers, Brilliant Proof. RARE "TYPE COIN". Only year with 8 tail feathers. In great demand.	75.00
1830—\$1, 7 Tail feathers, Brilliant Proof. VERY RARE. In fact, the smallest issue of the Liberty Head proof silver dollars. Greatly undervalued in keeping with its true rarity. Easily worth over	100.00
1831—Trade \$1, Brilliant Proof with bluish tint. RARE. Struck only in proof.	85.00
1832—\$1 GOLD, PROOF but has been cleaned. ONLY 20 ISSUED. Cat.	90.00
1833—\$2½ GOLD, appears to be a cleaned PROOF. ONLY 20 ISSUED. Cat.	125.00
1834—\$3 GOLD, appears to be a cleaned PROOF. ONLY 20 ISSUED. Cat.	200.00
1835—\$5 GOLD, Glittering orange PROOF, field rubbed. ONLY 20 ISSUED. Greatly undervalued in keeping with its true rarity. If this specimen were in our stock and did not have the rubbing in field, our asking price would not be less than	500.00

1836—\$10 GOLD, Brilliant Choice PROOF. ONLY 20 ISSUED. ONE OF THE OUTSTANDING "PRIZES" OF THIS ENTIRE COLLECTION. How many choice specimens can still be in existence after all these years? Certainly, not more than 3, 4, or 5 as some of the original issue were "spent" when they would not bring even \$1 premium over face value (in the 1920's). We believe its actual value today should be somewhere around \$1,000.00. However, what it will bring must be decided by the bids received.

1879 PROOF SET INCLUDING GOLD

Estimates are based on latest auction records and dealers quotations (when available).

1837—1c, Glittering brick-red proof.	15.00
1838—3c, Brilliant Proof.	15.00
1839—5c, Brilliant Proof. SCARCE.	35.00
1840—10c, Brilliant Proof with golden tint. The specimen in the Los Angeles February sale brought \$21; certainly this one should now be worth closer to	30.00
1841—25c, Glittering blue and purple Proof. ONLY 200 ISSUED. One of the most undervalued of the entire 25c series. Should be worth at least \$50 in keeping with its rarity, but for the present, will probably bring closer to	40.00
1842—50c, Brilliant Proof. RARE. Setting new records. Judging from the strong demand, we would not be surprised to see this popular rarity bring around	60.00
1843—\$1 Silver, glittering blue and golden proof. Of the 650 proofs originally struck, we doubt if more than one third or so are still in existence (many "spent" in the 1920's when they would not bring even 25c over their face value). IN GREAT DEMAND. Should bring over	50.00
1844—Trade \$1, Brilliant Proof with slight golden tint. ONLY STRUCK IN PROOF.	60.00
1845—\$1 GOLD, Brilliant Proof. ONLY 30 ISSUED. While the catalog lists this at \$85, we cannot help but feel that with the very limited number issued, it should certainly be worth at least	125.00
1846—\$2½ GOLD, Glittering orange Proof. ONLY 30 ISSUED. Certainly worth at least	150.00
1847—\$3 GOLD, Glittering orange PROOF. ONLY 30 ISSUED. Greatly undervalued in keeping with its true rarity.	175.00

1858—\$3 GOLD, Proof, has been cleaned. ONLY 36 ISSUED.	150.00

1905—\$10 GOLD, Brilliant Proof. ACCORDING TO THE CATALOG, ONLY 15 WERE ISSUED. THIS WOULD MAKE THIS ONE OF THE MOST UNDERVALUED, IF NOT THE MOST UNDERVALUED PROOF IN THE SERIES. CERTAINLY, A GREAT RARITY SUCH AS THIS (ESPECIALLY IN THIS REMARKABLE STATE OF PRESERVATION SHOULD BE WORTH AT LEAST \$1,000.00. HOWEVER, UNTIL IT IS "RECOGNIZED" FOR THE RARITY IT IS, IT WILL PROBABLY BRING CLOSER TO	500.00

1885 PROOF SET INCLUDING GOLD

1906—1c, Glittering red Proof shading to darker red. Scarce.	25.00

1912—\$1 Silver, Glittering blue proof. Setting new records.	50.00
1913—\$1 GOLD, Glittering orange proof. SCARCE. Setting new records.	60.00

1914—\$2½ GOLD, Brilliant Proof. ONLY 87 ISSUED. With a total regular issue of only a few hundred, this date is in great demand (far more than the amount of proofs issued would indicate). GREATLY UNDERVALUED. Should be worth at least	200.00
1915—\$3 GOLD, Proof with orange tint. RARE. Greatly undervalued in keeping with its true rarity. Judging from the strong demand for \$3 gold, we would not be surprised to see this rarity bring at least	200.00
1916—\$5 GOLD, Brilliant Proof. ONLY 66 ISSUED. Greatly undervalued in keeping with its true rarity. Certainly, of much greater rarity than the \$2½ and \$3 gold. While the demand does not appear to be as great for the \$5 as for the above, the demand is definitely increasing. We would not be surprised to see this rarity bring as much or more than the above two or at least	200.00

1886 PROOF SET INCLUDING GOLD

1926—\$2½ GOLD, Appears to be a proof that has been cleaned. ONLY 88 ISSUED. Records over	100.00
1927—\$3 GOLD, Brilliant Proof with orange tint. SMALL TOTAL ISSUE. RARE.	150.00
1928—\$5 GOLD, Even though this has the "S" mint mark, it was acquired as a proof. A glance at this gem will reveal that it does have a brilliant prooflike surface and if it did not have the mint mark, it could very easily be mistaken as a proof. Of course, it could also be one of the rare branch mint proofs. The owner says he paid \$75.00 for it and values it somewhat higher today. You decide its value to you by your bid.

OF THE FEW LEFT, AN EQUAL SPECIMEN MAY EXIST BUT NOT A SUPERIOR ONE. UPON CHECKING THE MINT FIGURES, WE FIND THAT THERE WERE LESS ISSUED OF THIS COIN THAN ANY OTHER \$5 GOLD PIECE. 2041—\$20 GOLD, Brilliant Proof in magnificent state of preservation. VERY RARE SO CHOICE. Of the 84 originally issued, a much smaller ratio have survived than for the smaller gold pieces. These large pieces were "spent" in the 1920's whn they would not sell very readily at even \$21.00. This accounts for the much greater rarity of the double eagles in spite of the mint figures. The 1903 in proof of which 158 specimens were issued, catalogs \$525.00. This date being just about twice as rare should be worth at least----- 900.00

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a standard sheet of stationery. The edges of the paper are slightly irregular, suggesting it might be a scan of a physical document. There is no handwriting or other markings on the page.
